- 2 tbsp baking soda
- 60+ drops lavender essential oil

DIRECTIONS:

1. In a measuring cup, dissolve the baking soda in the vinegar.
2. Stir in the lavender essential oil.
3. Add mixture to rinse cycle, using 2 tablespoons for a small load, 4 tablespoons for medium, and 8 tablespoons (1/2 cup) for large.

Freshening Citrus Carpet Powder

Few places in our homes are as well-lived on as our carpets. Next time you vacuum, don't just remove dirt and dust; freshen your carpets with the clean scent

- 4 tbsp (60 mL) baking soda
- 25 drops lemon essential oil

DIRECTIONS:

1. Measure baking soda into a mixing bowl. Sprinkle with essential oil.
2. Mix thoroughly until a damp powder forms.
3. Store in an airtight container. To use, sprinkle on carpet and let sit for 10 minutes. Vacuum as usual.

Tip: Try lavender essential oil instead of lemon
